

## **ELASTILON HAS COME OUT ON TOP!**

A broad survey has been carried out in the field and among the readers of the two largest English technical journals "Contract Floors and Retail Floors".

The persons taking part in the survey were confronted with the questions:

***"what do they use and who do they think has the best products?"***

The results of the survey were tabulated and added up and:  
the Dutch system patented under No. EP 0629 755 B1
